

Sponsoring seminars on Pain Control

Auriculotherapy for over 39 years

You are invited to attend an exciting seminar on Auriculotherapy. You will learn an effective and modern procedure for two of the most common problems, pain management and addictions, plus many other difficult health problems. You will be pleased with the simplicity during the hands on training, the cost effectiveness, and most of all the benefits of helping so many chronic conditions. Seminar booklet (Auriculotherapy- The ultimate for pain management) is included. Certification Exam available at: **Cities Indicated.

Intensive Training Program the first full week of every month

Join us in Tulsa the first full week of each month for an intensive auriculotherapy training program. Limited to a number of ten for more individualized attention. We will spend plenty of time discussing protocols, history and the theories of Auriculotherapy, allowing plenty of time for hands on training. We have conducted over 8 years and have developed an outline that is unparalleled in the field of Auriculotherapy.

Plan Now for the fall 2013 Third International Conference on Auriculotherapy in the US. Request the early bird info.

Co sponsored by Auriculotherapy Certification Institute

Faculty

GARY DITSON,DC

WENTZVILLE, MO

Dr. Ditson received his Doctorate from Logan University of Chiropractic in 1968 and has over 30 years of private practice experience. He is licensed in Missouri, North Carolina, Colorado, and Illinois. He is on the post graduate faculty for National University and Logan University and also a former administrator for Logan University. Dr. Ditson is on the Board of Directors for the Auriculotherapy Certification Institute (ACI) and a Certified Instructor for ACI. Dr Ditson incorporated auriculotherapy into his private practice in 1980 and has created formulas for clinical conditions.

RICHARD NIEMTZOW,MD,PhD WASHINGTON DC

Dr. Niemtow received his doctorate from the University of Montpellier in France in 1976, his residency in Radiation Oncology from the University of Texas in 1980, earned his PhD in Biology Sciences from Pacific Western University in California in 1985, and has obtained his Flight Surgeon classification from the US Air Force School of Aerospace Medicine. He is a Medical consultant to the French Government Centre National D'Studies Spatiales. Dr. Niemtow has also conducted an extensive scientific investigation of macrophage intracellular electrical potential as related to tumor cells and has set up an acupuncture clinic of over 1,000 patients. He was nominated as the Editor-in Chief of Medical Acupuncture, the journal published by the American Academy of Medical Acupuncture. Dr. Niemtow is currently practicing at Andrews AFB and the Pentagon.

TERRENCE OLESON,PhD

LOS ANGELES, CA

Former Clinical Professor at the UCLA Pain M Center, and presently Director of Behavioral Medicine California Graduate Institute. He has published numerous research studies on auricular acupuncture and authored Auriculotherapy Manual-Chinese and Western Systems of Ear Acupuncture, now in the 2nd edition. Also published a clinical Ear Reflex Chart that reflects Chinese and Western points. Internationally recognized for scientific examinations of the work of Paul Nogier, MD, who is the founder of the technique of Auriculotherapy. Dr. Oleson presented his auricular nomenclature work to an international meeting of World Health Organization held in Lyon, France 1990 and also at GLEM, Lyon, France 1994.

His teaching and research areas are physiology, psychology, biofeedback, pain control and stress management, psychosomatic disorders, behavioral medicine, acupuncture and auriculotherapy. He has been principal instructor of Electro Therapy Association for the past 25 years and conducts a private practice in Los Angeles.
